Sir,

I have the honour to state that the protection wall on the road side near Cattle market, Brucepettah was in a dilapidated condition for several years and work of repairing the wall could not be taken on hand for want of funds. The wall was rebuilt only last year. Owing to the location of the wall in the outskirts of the town many of its stones and slabs were stolen away by the towns people while the wall was in the dilapidated condition. The value of the stones stolen away comes to RS:2-1-3-0. The auditor has remarked that the sanction of Government should be obtained for the writing off of the loss under article 218(3)(a) of the Municipal Account Code in as much as the loss exceeded RS:200/-

to the

to the Municipality.

I therefore request that the Government will be pleased to accord their sanction for writing off of the loss of stones of the protection wall of the value of RS:2-1-3-0.

I have the honour to be,

Sir,

Your most obedient servant,

Narayana Rao

Copy of the explanation C.R.No. 188/24 dated 28-7-24 from the Municipal Overseer to the Chairman, Municipal Council, Bellary:-

In obedience to your Ref: on S.C. 124 dated 2-7-24, regarding the loss of stones worth RS:241-3-0 of the protective wall near cattle market, I beg to submit my explanation as follows:-

During the previous Chairman's time , I was asked to prepare an estimate to fill up the gaps of the wall fallen here and there, throughout, as it was very unsightly to the passers by and many people used to resort to its sides and commit nuisance. Accordingly I have measured the gaps and prepared an estimate for removing them. In the specification report, I simply made a mention that the fallen stones were lost.

Ever since I have entered this Municipal service, I found the wall with gaps and without stones at all. It is not possible for me to explain in whose time the portion had fallen and how the stones were lost.

Unless there is a watcher to carefully watch the properties, it is not possible for any officer to maintain them safely. The stones might have been taken away one by one, during nights, by some menials, who were in want of making up portions of their petty homes and pials etc.

Even now many instances are being found by the authorities, regarding unauthorised Burrow pits in all the maidans, and the damages effected to the old Municipal Office Building, its compound and the well.

Myself and the store-keeper submitted reports regarding the necessity of a watcher. But no watcher was granted. It is not possible to watch them myself.

Under these circumstances I beg to represent that I have been ignorant in the matter and consequently and quite unable to report how and why the stones were lost and when the wall was originally constructed. I have simply prepared an estimate as directed by the then Chairman. The work was executed by the Ag. Overseer Mr. Moses and not by me.

Hence submitted for due consideration.
